you succeed

From a single book to a complete program

TAKE A NEW LOOK!

Christian Liberty offers **One-Stop Shopping** for all your homeschool needs. In our catalog, we offer everything from a K–12 homeschool academy to curriculum kits and à la carte products to achievement testing and curriculum recommendation services.

This catalog is divided into three basic sections—each identified by a particular color:

Homeschool Academy—CLASS

This section applies to our K–12 homeschool academy: CLASS. If you are looking for a nationally-recognized, accredited school that offers a complete curriculum and diploma but still want the flexibility of teaching your child at home, then this option is for you.

Homeschool Products

This section offers prepackaged curriculum kits, as well as individual courses and products from preschool to 12th grade. If you prefer to operate independently and are simply looking for materials to build your own curriculum, then check here.

Homeschool Services

This section offers a number of services designed to help your student excel, including achievement testing and curriculum recommendation services.

ORDERING

Once you have decided what works best for you, simply place your enrollment/order via any of the following methods:

Online

Homeschool academy (CLASS) enrollments, products, and services can all be purchased through our website at www.shopchristianliberty.com. Once there, simply use the Categories column on the left side of the page to find what you need.

Mail

An order form packet has been included in the center of this catalog. This packet includes an enrollment application and order forms for the products and services* that we carry. The forms are color-coded to match each section, so you can easily determine which ones to use. Because each section is handled by a different department, use the mailing address located on the applicable application/order form.

Phone

Once you have determined what you need from us, call our toll-free number (800) 348–0899 or (847) 385-2029 and follow the prompts. Make sure you have all necessary information, including your charge card number, ready when you contact us.

Fax

Fill out the applicable color-coded application/order forms located in the center of this catalog to tell us what you need.* Then simply fax them to us. Since each section is handled by a different department, check the application/order form for specific details on which fax number to use.

* Some services are online based and, as such, can only be ordered through our website.

Welcome!

Dear Home School Family,

Thank you for your interest in Christian Liberty. Whether you are searching for a homeschool academy (where your student is actually enrolled in a school with you as the teacher), or are just looking for products and services to fulfill your independent homeschool needs, we have what works.

Since our foundation in 1967, Christian Liberty has partnered with families to train disciples for the Lord Jesus Christ. Our mission is to support parents with excellent educational products and services that will enable their children to serve God in every aspect of their lives. This mission is founded on three core beliefs:

- Jesus Christ is the source of all wisdom and knowledge;
- God has entrusted parents with the responsibility to train and educate their children; and
- Children are to be given an education that is in agreement with God's Word.

Our ministry, like many others, had humble beginnings. We began operating out of our church basement, providing Christ-centered materials to a few families who were concerned with the quality of public education. As word got out, we began to grow in many ways: we added more products and services, and even began publishing our own materials—the basement could no longer hold us! We have served tens of thousands of families around the world from our offices in Illinois.

As you look through this catalog, remember that the products and services you see were selected through over fifty years of experience. Our mission has not changed, and the testimonials of families over the years prove that it works.

Let us partner with you. If you have any questions, please ask our customer service team. They are here to help make your home school a success.

For His Glory,

Calvin Lindstrom

CLASS HOMESCHOOL PLANS

DO YOU WANT THE SUPPORT OF A NATIONALLY RECOGNIZED ACADEMY?

Our accredited, traditional, Christian K-12 homeschool academy—**Christian Liberty Academy School System (CLASS)**—includes everything you need for a Christian education you can count on. **CLASS** is a flexible, affordable partnership between you and our academy.

CLASS selects the best homeschooling materials from a variety of publishers—we do not lock you into a standard, one publisher curriculum. Many subjects have several options from which to choose—we can even assign a course from a different grade level if it is the best option for your student. **CLASS** partners with you in the grading of the coursework; we also keep academic records and issue diplomas.

Our **CLASS Administration Plan** allows you a full year to complete a grade level, while you set your own schedule. **CLASS** even allows you to purchase additional time to complete a grade level, if needed.

DO YOU WANT EXPERT ASSISTANCE IN SELECTING CURRICULUM, BUT WANT TO REMAIN MORE INDEPENDENT AND FLEXIBLE?

Our **Family Administration Plan** gives you the same curriculum as our **CLASS Administration Plan**, except you remain independent. You are *not* enrolled in our homeschool academy, and you keep your own records.

See Page 6

We take the guesswork out of homeschooling. You won't need to wonder whether your students have what they need!

CHRISTIAN LIBERTY PRESS

DO YOU WANT TO BUILD YOUR OWN CURRICULUM?

CHRISTIAN LIBERTY PRESS OFFERS YOU THE FLEXIBILITY TO CHOOSE YOUR OWN CURRICULUM!

We offer preschool through 12th grade course materials and supplements, including teacher's manuals, answer keys, test materials, readers, family and teacher helps, and more.

DO YOU WANT A CURRICULUM KIT?

We have curriculum kits for each grade level (from preschool to 12th grade). Each kit contains all of the materials you need at one low price, including tests and teacher materials.

What is CLASS?

CLASS (Christian Liberty Academy School System) is an accredited, traditional, Christian K-12 homeschool academy that provides everything you need to homeschool successfully. It is a **flexible, affordable partnership** between you and our academy. We stand behind you with over 50 years of experience in curriculum selection, recordkeeping, and administration.

Partnership – Together is better!

You teach; we administrate. When you enroll your student, we will provide you with a California Achievement Test. We use the results of this test, along with your course preferences, to help us set up your student's curriculum. We use a variety of the best publishers to assemble everything you will need for your student's grade level, including:

- Textbooks and/or Workbooks
- Answer Keys and/or Teacher's Manuals
- Tests and/or Quizzes
- Course Instructions for each course
- Other helpful tools, such as our *CLASS Lesson Planner*

We also partner with you as we each do some of the grading. CLASS produces official report cards, transcripts, and, ultimately, diplomas when your student successfully completes eighth and/or twelfth grades—all from our nationally recognized, accredited academy.

We take the guesswork out of homeschooling. Why wonder whether your students have what they need?

Flexible – After all, it is your home school!

In the **CLASS Administration Plan** you can select from various course alternatives. Plus, you have up to one full year (four quarters) to submit the work for grading. You decide when to submit work to us, as there are no deadlines other than your end date. You set your own pace. Whether you decide to accelerate through a grade level, work at a more normal pace, or take a full year, it is up to you. You can even purchase extension quarters if you need more than one year to complete the grade level.

The **Family Administration Plan** is even more flexible. You keep your own records, since you do not submit any work to us.

We stand behind you. In either plan, if you find that a course is too easy or too difficult, we can make curriculum changes—even after you receive your books!

Affordable

CLASS is a not-for-profit ministry. We strive to keep our prices as low as possible. We offer payment plans (on request) for those who are struggling financially. You can even earn a \$50 tuition voucher, good toward your next enrollment, for each new family you refer to CLASS. Our low prices include everything you need to complete the grade level.

CLASS Offers Godly Education and Excellent Academics

Godly Education

Our curriculum is selected based on the truth that God is the Creator of all things, and He is Lord over all that He has made. Family, church, government, law, philosophy, science, education—all these are under His absolute sovereignty. There is no fact that exists without reference to God Almighty, who says:

And these words which I command you today shall be in your heart. You shall teach them diligently to your children, and shall talk of them when you sit in your house, when you walk by the way, when you lie down, and when you rise up. You shall bind them as a sign on your hand, and they shall be as frontlets between your eyes. You shall write them on the doorposts of your house and on your gates. —Deut. 6:6-9 NKJV

Train up a child in the way he should go, and when he is old he will not depart from it. —Prov. 22:6 NKJV

We see from Scripture that the God who is sovereign over education has commanded Christian parents to raise up children to know Him, love Him, and follow Him in every area of life. In short, God requires that His children be given a distinctively Christian education. Every subject is to be studied with the purpose of discovering the God-given meaning contained in it, bringing every thought captive to the obedience of Christ, thus renewing the mind and developing a comprehensive and consistent worldview.

For over fifty years, CLASS has provided Christian parents with quality, affordable educational products and services that enable them to obey this scriptural mandate. Your children deserve the best you can provide. Give them the priceless gift of a godly education. Train them up with CLASS!

Excellent Academics

Your children's education should not only be Christian in philosophy and content, but also academically superior. The accredited CLASS program offers academic excellence for homeschoolers who are serious about success. Students who complete our K-12 program are well prepared for the world of work or post-secondary studies. The CLASS curriculum demands diligent work and attention to detail, emphasizing traditional math and creation-based science, as well as reading, writing, and grammar. To see the textbooks used by CLASS, visit us at our website.

ALL GRADE LEVELS

Tuition includes all standard curriculum materials:

- Curriculum suited to your child based upon pretest results (we may even assign courses outside your student’s grade level)
- Curriculum adjustments available if you need them, even after you have your materials (material fees may apply)
- Alternative publishers available for many subjects
- All standard textbooks and workbooks
- Course instructions
- Answer keys or teacher’s manuals
- Tests, where appropriate
- Achievement or placement testing
- *CLASS Lesson Planner* (one per family, per year)

High School Choice

CLASS takes flexibility to the next level—with High School Choice.

You may choose the high school courses your student will take!

The chart below displays the subject areas in which high school students will study with CLASS. You can quickly see, for example, that a student will earn four credits in Theological Studies. High School Choice means that you can choose from our available courses to satisfy those four credits. The same is true for all the other major subject areas. You even have three open credits from any subject area you select. The idea is to let you structure your student’s high school career to meet the academic goals you set.

College-bound students should find out early what courses their chosen college will require—then simply use High School Choice to make it happen!

For details, visit www.homeschools.org.

³ Algebra 1 is usually assigned in 9th grade; biology is usually assigned in 10th grade.

[†] Family Administration Plan does not include grading, report cards, transcripts, or recordkeeping services.

Selecting Courses

As long as you satisfy just a few basic requirements, such as algebra and biology for example, you can select the courses you want in each subject area for your student from our extensive list. These courses represent a variety of popular publishers, so they will often include your favorites. CLASS requires 20 credits for graduation. Naturally, if your goals dictate, you may take more than 20 credits.

You may choose courses for some, or all, of your student's credit slots. If you prefer, CLASS will be happy to select any or all courses for you based on achievement test results, transcripts, and our 50+ years of experience. To see our available courses, refer to the Enrollment and Order Forms Packet (Insert pages A3–A10) or go to our website. If High School Choice is what you have been looking for, you can enroll online while you are there.

High School Matriculation

Students who intend to transfer into our full-time CLASS high school program must meet the minimum entrance requirements listed below.

To enter 10th grade: 4.0 earned credits¹, which include

- One earned credit of English

To enter 11th grade: 7.5 earned credits¹, which include

- Two earned credits of English
- One earned credit of math
- One earned credit of science
- One earned credit of history

To enter 12th grade: 12.5 earned credits¹, which include

- Three earned credits of English
- One earned credit of math
- One earned credit of science
- One earned credit of history
- One earned credit of Bible/theology/religion²
- GPA of 2.0 out of 4.0 ("C" or better)

¹ One earned credit implies a full year or two full semesters of work.

² Transfer students who lack this requirement may be assigned an additional Bible credit in the 12th grade, provided the assignment does not exceed the 7.5 credit limit for the grade level.

All transfer students must also show an appropriate level on one of our entrance tests to enter the requested grade level, and must complete a minimum of twenty (20) credits to graduate. We do not accept credits for physical education, health, and driver's education. Transfer students applying for grade levels for which they do not qualify will be notified by the Curriculum Department regarding the available options.

High School Graduation Requirements

(for a ninth grader entering CLASS)

1. Four credits of theological studies
2. Four credits of English (must include one credit of grammar and a .5 credit senior research paper)
3. Five credits of heritage studies (must include one credit of government and one credit of economics)
4. Two credits of science (must include one credit of biology)
5. Two credits of math (must include one credit of Algebra I or higher level algebra course)
6. Three additional credits selected from any of our available courses
7. Four years of art, music, and physical education (academic credit not awarded)

High School Course Load and Credits

High school students must carry a load of no less than 4 and no more than 7.5 credits per year. A minimum of twenty credits is required to graduate from CLASS. High school seniors must complete a minimum of one school year with CLASS (four credits) to graduate.

From our Families...

For more information and testimonials about CLASS, visit www.homeschools.org.

I want to thank you on behalf of my whole family, because your curriculum has touched our lives and given us a wonderful education.

I thank you that you are continuing to offer these services at the prices you have. I tell everyone I can about you, and thank God for the blessing you have been in my life — both as a child, and as I begin to teach my own children.

Mrs. S.
Wisconsin

This was our first year of homeschooling and we didn't know where to start. You took our hands and led us through this first year. The books are wonderful. Although our girls tell us the work is harder than public school, we let them know what a blessing it is to be learning more. Thank you, Christian Liberty Academy, for helping us have the confidence to do what the Lord has led us to do in the education of our children.

How to Enroll

You may enroll online, by fax, or by mail.

Online

Visit us at www.shopchristianliberty.com and click on CLASS Plan or Family Plan. Choose the grade level that you want, fill in the student and course information, and add it to your shopping cart.

Achievement testing, evaluation, and all materials are included with the grade level, so there is no need to order them separately. To enroll another student, simply select the correct category and repeat the process.

Fax

Complete the enrollment application, found in the forms packet, and fax it to Christian Liberty Academy at (847) 259-1297 (enrollment applications only). Do not fax reduced images. Faxed enrollments must be paid by Visa, MasterCard, or Discover.

Mail

Complete the enrollment application, found in the forms packet, and mail it with the tuition fee to Christian Liberty Academy in an envelope marked "Enrollment." You may pay by check, money order, or by Visa, MasterCard, or Discover. Payment by check or money order must be made in U.S. funds, drawn on a U.S. bank, and made out to Christian Liberty Academy.

Submit the entire tuition fee with your enrollment application. However, if you are enrolling in the CLASS Plan and are under a financial hardship, contact our Customer Service Department at (800) 348-0899, or email us at custserv@homeschools.org for information about our time payment policy. Family Plan tuition must be paid in full when you enroll.

Enrollment Considerations

Accreditation

CLASS is accredited by the National Association of Private Schools (www.napsaccreditation.com). NAPS is a consortium of Christian educators and private school administrators from across the United States and Canada. The Association is dedicated to recognizing and improving the spiritual and educational quality of private and Christian schools.

Keep in mind that accreditation never guarantees that academic credits will be accepted by another institution. Some schools may require additional information regarding academic achievement.

Bible Materials

CLASS students come from various religious and denominational backgrounds. We recognize these differences and respect the spiritual authority of parents. We use Bible materials that seek to develop and strengthen an active loyalty to, and basic understanding of, the Christian faith. Parents have found our Bible materials to be very helpful in building strong and harmonious families.

English Fluency

CLASS materials are in the English language. We require that the individual initiating any communication with CLASS concerning a particular student be the parent or legal guardian. Therefore, parents not sufficiently fluent in English to communicate with CLASS or to instruct, supervise, and evaluate their student, must appoint someone knowledgeable in English to provide the academic and administrative oversight required by CLASS policies. Such a person must be a responsible adult, chosen by the parent or legal guardian, with a completed Authorization Form on file with CLASS. Please contact CLASS before moving forward with your enrollment if you have any questions concerning this requirement.

Lesson Plans

Each family has its own schedule and style; therefore, we encourage each family to develop their own lesson plan. We provide help in developing your own individual lesson plans. Our *CLASS Handbook* and *CLASS Lesson Planner* provide guidance for organizing your school day and year according to your discretion. The Course Instruction Sheet provided for each subject gives work requirements for that subject to help in your lesson plan development.

Math Help

CLASS provides email math help lines for junior high and high school students, and our own online multimedia algebra tutorial.

Records

Ninth grade or lower: We do not require records from the previous school. However, at your request, we can ask the previous school for your student's records.

Tenth through twelfth grade: We will send for the academic records of students who enroll under the CLASS or Family Administration Plans. CLASS must receive high school transcripts, either from the previous school or from independent homeschooling parents, before we can assemble a student's curriculum. These transcripts must include both the final grade and the academic credit awarded for each course. Report cards are not an acceptable substitute for transcripts.

Special Status

CLASS does not offer special needs curricula or modify curricula to accommodate specific learning disabilities. However, many families have found our flexibility to be an important factor in helping their children. At your request, and based on placement/achievement test scores, academic background, and parent information, a student may be placed in CLASS as a special status student. A special status student is one who qualifies to enter CLASS at three grade levels or more below the desired grade level. Special status students will be awarded a certificate of completion instead of a diploma. At the parent's request, however, CLASS will reevaluate a special status student for possible promotion into a grade level that will put the student on track to earn a diploma. Families with a special status student often make use of available extension quarters to complete a grade level. Some families with special needs students may prefer to use the Family Administration Plan or just order course materials and remain completely independent.

Tuition Discounts

Tuition vouchers (\$50 each) may be earned by referring new families to CLASS. See our website or contact us for further details.

About Christian Liberty Press

Over thirty years ago, Christian Liberty Press was created as the publishing division of the nationally recognized Christian Liberty Academy School System to provide school materials for our own home education and Christian school programs. Since then, we have expanded the reach of our ministry to deliver excellent educational products at a great value to home schools and Christian schools across the United States and throughout the world. We are dedicated to finding, evaluating, and producing curriculum materials that are rooted in the Word of God and express a biblical worldview.

As one of the educational ministries of the Church of Christian Liberty located in Arlington Heights, Illinois, we are in touch with the needs of Christian families and Christian schools. We strive to assist families as they educate their children for the glory of God and provide materials that will assist all ages in their growth in grace.

We are confident that you will find that our curriculum kits, materials, and services will aid you in the education of your students. We look forward to helping you provide your students with a Christ-centered curriculum that will prepare them for service within His kingdom. You will also find additional products and services—especially our online testing services and ebooks—at www.shopchristianliberty.com; so feel free to look there if you do not find all that you need in this catalog.

SCIENCE

Christian Liberty Preschool Science

Preschool children are active learners. They love to touch, taste, hear, see, and smell their way through the world—this is part of the learning process.

To enhance this process, Christian Liberty has created a collection of thirty-four experiments and science concepts. These lessons correspond to each of the suggested weekly units in the teacher's guide for the *Christian Liberty Preschool Activity Book*. This science book includes numerous colorful photos, as well as detailed plans to help parents and teachers as they guide their students through each experiment. *Preschool Science* can also be used as a stand-alone product. I am so happy with what I see! After researching and researching other curricula we settled on CLP; your materials are all solid biblically based.

My son loved looking through the science book and also seeing what he would be learning in history.

The teacher's manuals are very helpful in planning out the lessons and not overwhelming at all. . .

Academically I've researched each subject and it seems to me CLP has picked the best of the best.

ALL YOU NEED AND BUDGET FRIENDLY

I have waited all summer to save up for this kit. I am so pleased to have a complete set of materials this year. My children have jumped in and gotten to work with no problem. I'm thrilled with the Christ-centered themes in all of the materials. I don't have to worry about pulling something related to Common Core from the internet.

Thanks CLP!

CLASSICS

Christian Liberty Press offers some of the works of classic literature. Most are not written from an expressly Christian point of view, but all have had an important influence on our culture and speak to the realities of our lives.

The Scarlet Letter

Nathaniel Hawthorne's classic novel, *The Scarlet Letter*, has become an American favorite since it was first published in 1850. This "tale of human frailty and sorrow" set in early New England shows the effect of sin on three people—Hester Prynne, Arthur Dimmesdale, and Roger Chillingworth—and deals skillfully with such issues as guilt and redemption, hypocrisy and shame. (Bantam)

Grades: 9th–Adult		
Book, 247 pgs.....	BDD23700	\$4.95

Moby-Dick

This American masterpiece by Herman Melville is considered one of the greatest sea stories ever written. *Moby-Dick* tells an engaging tale of vengeance and obsession, and their effect on man. (Bantam)

Grades: 9th–Adult		
Book, 670 pgs.....	BDD23701	\$5.95

The Adventures of Huckleberry Finn

The Adventures of Huckleberry Finn is an epic American novel by Mark Twain. Set along the Mississippi River and written in the vernacular of the day, Twain explores life in America prior to the Civil War. Although controversial for its use of racial stereotypes, Twain uses the adventures of Huck and his companion, the escaped slave Jim, to satirize slavery and the society that supported it. (Bantam)

Grades: 9th–Adult		
Book, 305 pgs.....	BDD23702	\$5.95

Great Expectations

Charles Dickens provides readers with a good introduction to Victorian England in this wonderful book. *Great Expectations* goes beyond a description of Victorian England and addresses enduring issues that we face today. (Bantam)

Grades: 9th–Adult		
Book, 518 pgs.....	BDD23703	\$5.95

Gulliver's Travels and Other Writings

This collection contains several of Jonathan Swift's major works, including the well-known and popular *Gulliver's Travels*. Swift, an Anglican minister, was able to effectively use satire to point out the foibles of human nature. Although originally written in the early 18th century, Swift's writings still have the power to challenge readers today. (Bantam)

Grades: 9th–Adult		
Book, 642 pgs.....	BDD23704	\$5.95

The Iliad

The Iliad reveals the final events of the Trojan War, including the siege of Troy. W.H.D. Rouse has produced one of the best English translations of Homer's epic poem. "Dr. Rouse's admirable ... *Iliad* has the same qualities of a swift moving novel in which language is essentially that of the present day.... This is certainly the version for those who want to know what Homer is about"—*The London Times Literary Supplement*. (Signet Classics)

Book, 344 pgs.....SGP25685 \$5.95

The Pilgrim's Progress

This classic allegory by John Bunyan is one of the most cherished and influential books in the English language. *The Pilgrim's Progress* tells the tale of a pilgrim's journey, with its many trials and temptations, to the Celestial City. Although originally written in the 17th century, it remains one of the most widely read books today. (Dover Thrift)

Book, 324 pgs.....DVP25790 \$7.00

The Portrait of a Lady

The most popular of Henry James's longer novels, *The Portrait of a Lady* examines the differences between Europe and America in this story about a young American woman who moves to England. James explores the clash between independence and responsibility as he tells the story of the heroine's life in Europe. (Signet Classics)

Book, 617 pgs.....SGP25795 \$5.95

King Lear

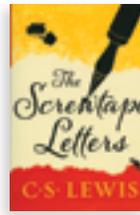

King Lear is a tragedy by William Shakespeare and is considered one of his greatest works. This edition is part of the Folger Shakespeare Library. It includes full explanatory notes, scene-by-scene plot summaries, and an introductory essay on Shakespeare's life and work. (Washington Square Press)

Grades: 9th–Adult
Text, 316 pgs.....WSP25800 \$5.99

The Screwtape Letters

The Screwtape Letters has become one of C. S. Lewis's most popular works. Lewis writes about the battle between good and evil, using the device of a series of letters between tempters Wormwood and his mentor Screwtape about how best to cause the fall of an ordinary young man. While of interest to all, it will have particular interest to Christian readers. (HarperCollins)

Judicial Supremacy
The Supreme Court on Trial

In *Judicial Supremacy*, former Congressman Dornan points out that the framers of the Constitution looked to the separation of powers and the system of checks and balances to forestall or remedy abuses by any one or more of the three branches of government. The limited notion of judicial review envisioned by the framers has become instead a regime of judicial supremacy in major respects. However, Congress possesses the power to restore a proper balance with respect to the judiciary. This book is a pioneering work in recognizing this problem and merits serious study by supporters, as well as opponents, of the prevailing judicial supremacy. (Plymouth Rock Foundation)

Law and Liberty

All law is based upon morality, and morality is itself based upon religion. Therefore, when the religion of a people is weakened, so also is its morality undermined. The result is a progressive collapse of law and order, and the breakdown of society. In this concise volume, R.J. Rushdoony expounds on the central themes of the application of biblical law to every area of life. This book is a great starting point to understanding Rushdoony's larger expositions on biblical law. LOGOS SCIENCE LAB KITS

Christian Liberty has partnered with Quality Science Labs to make their high school Logos Science lab kits available to our customers. This will enable students to enhance their science education, meet possible state high school graduation requirements, and/or meet college entrance requirements. The Logos kits have been designed to work with science courses from A Beka Book, Bob Jones University Press, and Apologia, as well as our *Biology: A Search for Order in Complexity*. For more details about the Logos Science lab kits and what is included within them, go to www.logosscience.com.

Instead of shipping lab kits from our location, we have arranged with Quality Science Labs to ship kit orders directly to customers' locations. Shipping charges for orders sent within the United States and its territories are included within the list price. The cost of shipments to foreign countries will need to be added to the list price. We will contact customers in foreign countries with information about additional shipping charges before submitting their kit orders to Quality Science Labs.

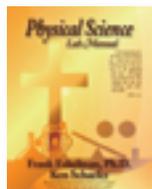

Biology Kit

The Logos Science Biology Lab Kit offers real hands-on biology experiments with a strong Christian emphasis. Developed with safety in mind, the kit offers a complete lab with virtually everything necessary to perform 33 biology experiments. The lab experiments are coordinated to work with most popular Christian texts.

The kit contains almost everything needed, including 32 different types of equipment, 6 prepared slides, 7 preserved specimens, 200-page manual, and Teacher's Answer Guide.

Physical Science Kit

The Logos Science Physical Science Lab Kit offers real hands-on physical science experiments with a strong Christian emphasis. Developed with safety in mind, the kit offers a complete lab with virtually everything necessary to perform 34 physical science experiments. Using the microscale method, there is no need for fume hoods and other costly safety equipment. Student and environmental safety is high because there are no concentrated acids or bases and the quantities of actual chemical used are low (about 1/100th of a typical lab would consume). Because the chemicals are premixed, the lab prep time and cleanup is minimal. The lab experiments are coordinated to work with most popular Christian texts.

The kit contains almost everything needed, including 11 chemicals, 55 different types of equipment, 170-page manual, and Teacher's Answer Guide.

This book makes physics understandable and provides detailed explanations

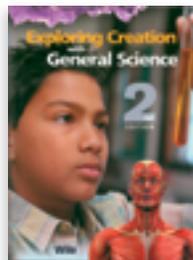

with a touch of humor, which helps students grasp the most perplexing questions. Whenever possible, the principles of physics are illustrated by everyday experience and practical devices. Students are shown how various technologies—from the camera to the car—actually function. Numerous illustrative problems are solved in detail. This textbook can play an important role in showing students the harmony between scientific knowledge and Christian belief. The text is firmly grounded on the view that we live in a God-created world governed by laws discoverable by reverent scientific inquiry. CHRISTIAN EDUCATION

Standing Firm for Liberty

The inspiring story of Christian Liberty and its role in Christian education

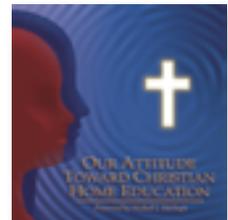

By God's grace, the Church of Christian Liberty and its various educational outreaches have had a significant impact upon the field of Christian education and home-schooling for nearly fifty years. This book tells the inspiring story of the development and growth of Christian Liberty ministries, with a particular focus upon the life and legacy of the founding pastor and superintendent of schools, Rev. Paul Lindstrom. A must read for anyone who has been touched by the ministry of Christian Liberty. (Christian Liberty Press)

Independent Testing Service

Many home educators use a testing service for a variety of reasons: to determine an appropriate grade level curriculum, to evaluate their child's progress, or to fulfill a state or local school requirement. Unfortunately, many services require an official to supervise the test-taking process.

In response, Christian Liberty offers its own testing service that will provide you with the results you need, but without the hassle of finding a proctor "authorized" to administer the exam.* We offer two different tests, both of which can be completed on your schedule in your own home.

* Some states may require a proctor in order to accept your results.

California Achievement Test (CAT)

This nationally recognized achievement test is the preferred exam for students enrolling into our academy or using our Curriculum Recommendation Service. The results are determined by comparing your child's scores to a standardized group of same-grade-level students to determine if your child is below, at, or above grade when compared to his peers.

Christian Liberty uses the 1970 edition of the test. It is available for students entering grades 2–12 and can be taken online or in the traditional paper format. The CAT must be completed within a year of ordering.

Online

The online version is taken on your computer and can be purchased directly from our website or by phone. Results are available immediately upon completion.

Paper

The paper version is mailed to you. Once completed, the test must be returned to Christian Liberty for scoring. The results are then mailed to you.

There are five different levels of the CAT, each of which is designed for a specific range of grade levels:

- Level 1 – Entering Grade 2
- Level 2 – Entering Grade 3
- Level 3 – Entering Grades 4–6
- Level 4 – Entering Grades 7–9
- Level 5 – Entering Grades 10–12

Each test level provides scores for the following seven subject areas in three categories.** Test results are reported in grade equivalent, stanine, and percentile formats.

Reading	Mathematics	Language
Vocabulary	Computation	Mechanics
Comprehension	Concepts and Problems	Usage and Structure
		Spelling

** Students taking the level 1 CAT (for entering grade 2) are also tested for auditing (listening comprehension of spoken language).

Composite Scoring

Christian Liberty has added the composite score option in response to some state and local school requirements.† This score is calculated from the raw scores of the individual sections of the California Achievement Test.

Families who request a composite score will receive (in addition to the individual results provided for the seven subject areas) composite score results in raw score, percentile, and stanine rank formats. A grade equivalent composite score is not available.

To include a composite score with your test results, simply check the "Add Composite Score" option on your order form.

† Christian Liberty does not require a composite score for enrollment into its homeschool academy.

Why the 1970 edition of the CAT?

Christian Liberty continues to use the 1970 edition of the California Achievement Test for two reasons:

1. This nationally-normed test was created prior to the academic decline that has occurred over the last several decades. It is our professional opinion that the more recent versions of achievement tests have been simplified to reflect this decline and, as such, cannot be used to accurately determine an appropriate level of course assignment.
2. To the best of our knowledge, there is no distributor of achievement test materials that will allow a student to take the latest edition test without a government-licensed proctor; and the test administrator must be approved before the test will be shipped. We believe that forcing families to submit to this process places an unnecessary burden on them—especially since the requirement has no direct bearing on the ability of a student to properly take the test.

Independent Testing Service

TestPoint™ Placement Test

This placement test is designed to inform parents if their student has all the necessary skills for the grade level entering. Although available for grades K–12, this test is generally recommended for early grade levels in which students have not been exposed to a formal, full-range curriculum and no benchmark exists for determining whether they are academically ready for the intended grade level.

The TestPoint™ placement test is only available in an online format and can only be ordered through our website. Results are available immediately upon completion.

The test provides scores for the following three subject areas. Test results are reported in grade equivalent and percentile formats.

Reading	Mathematics	Language
---------	-------------	----------

Notes

1. Although a number of Christian schools use TestPoint™, the test is not nationally recognized. So, if you need results for state or local school requirements, then we recommend you use the California Achievement Test.
2. Once a student has completed a formal, full-range curriculum, then the TestPoint™ test is no longer the best option. For this reason, TestPoint™ is not an option for students re-enrolling in our academy.

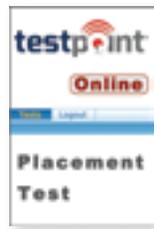

Achievement Test versus Placement Test

Achievement tests are used to determine the general skill or knowledge level attained by a student (compared to his peers), regardless of grade level placement. Their purpose is to evaluate what a student has learned over a period of time. Placement tests, on the other hand, are used to help find out whether a student has sufficient knowledge to enter a particular grade level.

In practical terms, the achievement test is a better fit for most students, as it will indicate a student's skill level—both above and below—a normed group of students at the grade level tested. Because the placement test only determines whether a student has the skills necessary to enter the grade level being tested, it will not indicate whether your student is “above” grade level in any subject area. Therefore, the California Achievement Test is our preferred test for both independent homeschool families and those enrolled in the CLASS homeschool academy.

Practice Test

Some students struggle when taking standardized achievement tests simply because they are not accustomed to the testing environment. For students such as these, Christian Liberty now offers a special online practice version of the California Achievement Test that will help to make them more comfortable with the testing process.

For obvious reasons, the Christian Liberty CAT Practice Test will not expose students to the same questions that are found on the official California Achievement Test. Nevertheless, students will still be provided with enough questions in each of the major testing categories to obtain a general idea of what they will encounter on the official CAT.

Our online practice test also provides a simplified scoring method. Upon completion of the test, students are informed of how many questions they answered correctly within each test section. For this reason, and others, scores from the online practice CAT are only intended to provide students with general feedback regarding their readiness levels, and are not equivalent to test results from an actual standardized achievement test.

What do the results mean?

Grade equivalent scores represent the grade level (year and month separated by a decimal point) of a student's ability when compared to the median average score of other students at the same academic level.

Scores outside the student's actual grade do not necessarily mean the student should be moved to another grade level. For example, if a 5th grader scored a 7.5, this does not mean he is ready for the 7th grade. Rather, it means that the student understands some of the concepts that the average 7th grader knows, and is advanced compared to his peers.

Percentile scores represent a ranking of the student within a norm group. For example, a score of 73 means that the student did better than approximately 73% of all students in the group. It does not refer to the number of questions answered correctly.

Stanine scores are used mostly by test evaluators for calculation and statistics purposes. Derived from the term “standard of nine,” the results are based on mean averages and standard deviations. In general terms, scores of 1–3 indicate below average achievement, 4–6 are average, and 7–9 are above average.

CLASS Homeschool Academy Acceptance

Students who are enrolled in the CLASS homeschool academy may use their Independent Testing Service scores as part of their enrollment process if:

1. the test taken was appropriate for the grade level entering; and
2. the test was taken within six months of enrollment.

Notes

The Practice Test is not accepted by the CLASS program.

The TestPoint™ Placement Test may only be used the *first* year a student enrolls in CLASS.

If your testing service results are accepted, you will receive credit equal to the cost of the test when the student is enrolled.

Curriculum Recommendation Service

If you have had little or no experience developing a curriculum for your student, or if your student falls outside the “norm” in one or more academic areas, you will benefit from using our Curriculum Recommendation Service.

Offered in conjunction with our Independent Testing Service,* this service will provide you with a subject-by-subject listing of all recommended curriculum materials for the grade level tested. Materials listed through this service are limited to those used by Christian Liberty.

* The Curriculum Recommendation Service can only be used when taking the California Achievement Test (online or paper).

If you are planning to enroll in our full-service academy, then the Curriculum Recommendation Service is not needed. Appropriate course selection is included in the enrollment process.

Christian Liberty is now offering two options for its Curriculum Recommendation Service.

Basic Service

The “Basic” Curriculum Recommendation Service will provide the home educator with a subject by subject listing of recommended curriculum** based on the student’s California Achievement Test (CAT) scores for the grade level tested. This listing is helpful for those who are not familiar with compiling a complete curriculum for their students or whose student(s) falls outside the “norm” or average range in one or more academic areas.

The cost for the Basic Curriculum Recommendation Service is only \$10.00 per student and is available for students that have completed the California Achievement Test (online or paper) through our Independent Testing Service.

** The materials recommended through this service are limited to those used by Christian Liberty.

Premium Service

The new Premium Curriculum Recommendation Service is also available for students who have completed the online or paper CAT. The Premium service will include up to a 30-minute phone conversation with a curriculum specialist at Christian Liberty. The curriculum we ultimately recommend will not only be based on the CAT scores, but on additional information obtained or determined during the phone consultation such as: previous courses completed by the student;

the student’s interests, along with difficult subject areas; the student’s learning style; and whether the student is looking to go on to college or technical school, enlist in the military, or move right into the work force.

The Premium Curriculum Recommendation Service is available for \$29.00 per student per grade level. If you purchased the Premium Curriculum Recommendation Service with a paper CAT, then a letter will be sent with the paper CAT that gives instructions regarding how to schedule your phone consultation, along with several questions to consider prior to the consultation.

If the Premium Curriculum Recommendation Service has been purchased with the online CAT, you will receive the instructions and questions with your student’s CAT results via email.

At the agreed upon time, call us at 1-800-348-0899, extension 1 and request the curriculum specialist. The asking of questions by both parties and the sharing of information will help focus the discussion on the needs of your student. Shortly after the phone consultation, you will receive a listing of recommended curriculum along with a summary of the phone discussion.

CALIFORNIA ACHIEVEMENT TEST (ONLINE VERSION)

I was skeptical at first of taking the CAT Test online. We had done other testing and thought we’d give this a try. We did it last year for the first time and it was fast, easy and our favorite part was getting the results back immediately. We didn’t have any issues whatsoever.

Enrollment and Order Forms Packet

Discover how
we can help
you succeed

From a single book to a complete program

INSTRUCTIONS FOR USE

Like the catalog, this order form packet is divided into three color-coded sections:

-  CLASS enrollment application and course choice options related to our homeschool academy
-  Order form for curriculum kits, books, and products
-  Order form for Christian Liberty independent testing and recommendation services

If you are purchasing from more than one section, you must fill out each applicable order form* (e.g., you cannot combine products and services on the same form) because each type of order is processed by a different department.

You may, however, include multiple order forms in the same envelope when mailing.

*** The CLASS homeschool academy application includes specific book and/or publisher requests, as well as testing service options. These are part of the enrollment process; you do not need to order them separately.**

ORDERING

Once you have decided what works best for you, simply place your enrollment/order via any of the following methods:

Online Our academy, products, and services can all be accessed through our website at www.shopchristianliberty.com. Once there, simply use the *Categories* column on the left side of the page.

Mail This packet includes an enrollment application and order forms for the products and services* that we carry. The forms are color-coded to match each section of the catalog, so you can easily determine which ones to use. Because each section is handled by a different department, use the mailing address located on the applicable application/order form.

Phone Once you have determined what you need from us, call our toll-free number (800) 348-0899 and follow the prompts. Make sure you have all necessary information, including your charge card number, ready when you contact us.

Fax Fill out the applicable color-coded application/order forms located in the center of this catalog to tell us what you need.* Then simply fax them to us. Since each section is handled by a different department, check the application/order form for specific details on which fax number to use.

* Some of the services are online based and, as such, can only be ordered through our website.

CANCELLATION / REFUND POLICY (This information can also be found at www.homeschools.org/enrolling.)

If you choose to cancel after enrolling with Christian Liberty, please call Customer Service promptly. If you have already submitted the completed placement/achievement test, your call will prevent further processing steps that would decrease your refund. When you call, be sure to record the date and the name of the Customer Service representative with whom you spoke. This call is important, but it does not cancel your enrollment. A signed letter from the family or cancellation form (mailed or faxed) is *required* before any cancellation is considered official. If CLASS does not receive this written documentation, the cancellation will not proceed and no refund will be sent.

CLASS Plan and Family Plan customers have thirty (30) days from the main curriculum shipping date [sixty (60) days for foreign shipments] to cancel from our program and request a tuition refund. If you decide to cancel after you have received your curriculum, call Customer Service and request a Cancellation Kit. **Do not return any materials to CLASS before you receive the Cancellation Kit.** This kit contains a Cancellation Letter/Refund Materials Authorization that, when completed and returned to us, serves as your official cancellation letter. This kit also includes a Returned Materials shipping label that *must* be affixed to the outside of the package or envelope you return.

Return all *unused* curriculum materials to CLASS; you will be charged for any materials not returned in like-new condition. If a book has been damaged or has any writing in it, even just a student's name, it is considered used and should not be returned. Christian Liberty is the final arbiter of whether a course item is considered used. Returned materials that are considered by CLASS to be used will *not* be sent back to the family. The CLASS Handbook, Lesson Planner, and book report lists, if any, are yours to keep.

Your tuition refund for each student canceled will be based on the schedule below. The amounts shown, plus the cost of any used or unreturned materials and any account balance, will be subtracted from your original tuition payment. This refund schedule is subject to change without notice.

If you cancel...	Amount Deducted From Refund	
	Grades K – 1	Grades 2 – 12
Prior to CLASS sending the placement/achievement test	NA	– \$10
Prior to curriculum development	– \$10	– \$30
After curriculum has been developed but not shipped	– \$20	– \$50
Within thirty (30) days after shipping date ^{1,2}	– \$35 ³	– \$70 ³
More than thirty (30) days past shipping date ^{1,2}	NO REFUND	NO REFUND

¹Sixty (60) days for foreign shipments ²Shipping costs are not refundable ³In addition to the cost of any used and unreturned materials

NOTE: Required pretests must be completed and returned within ninety (90) days from the date sent. Failure to do so may result in the enrollment being canceled by CLASS without refund. If CLASS cancels your enrollment, any amount remaining in your account after the deductions noted above may be used toward another enrollment within twelve (12) months of the cancellation date. If you do not intend to cancel, please return your completed pretest to us promptly, or contact us stating the reason for your delay.

If the pretest is not required, the enrollment will be processed after ninety (90) days as if the pretest were never requested.

You may also enroll online at www.shopchristianliberty.com if you use your VISA, MasterCard, or Discover card.

PAYMENT INFORMATION

We accept VISA, MasterCard, and Discover cards. We also accept checks and money orders in U.S. funds drawn on U.S. banks, and Canada Post Money Orders in U.S. funds. We reserve the right to hold any order paid by personal check or money order for **15 business days** before processing the order. There is a **\$30.00 charge for returned checks**. All checks and money orders must be made payable to CHRISTIAN LIBERTY ACADEMY.

PLACEMENT/ACHIEVEMENT TEST OPTIONS (This information can also be found at www.homeschools.org/enrolling.)

New and Re-entering* Students

All new and re-entering students being enrolled in grades two through twelve (CLASS does not require testing prior to the second grade) are required to take a placement/achievement test prior to curriculum development. This test is used for assigning appropriate curriculum materials. Select from the following three options:

CAT ONLINE ACHIEVEMENT TEST

For those who need an achievement test for state or other legal requirements, CLASS offers this exclusive, online version of the California Achievement Test (1970 edition). This test is nearly identical to the paper-based version offered below. The online CAT is available for grades two through twelve. High-speed Internet access is required.

CAT PAPER ACHIEVEMENT TEST

If you do not have Internet access, CLASS offers a paper-based version of the California Achievement Test (1970 edition). Note: Processing of the paper CAT may result in up to two weeks additional time before your curriculum can be shipped. The paper CAT is available for grades two through twelve.

TESTPOINT™ ONLINE PLACEMENT TEST

TestPoint™ is an online, grade-level-specific placement test that has been designed for and used by Christian schools around the nation. It will accurately confirm that your student is ready for the grade level you have selected. TestPoint™ is available for grades kindergarten through twelve; Internet access is required.

* Re-entering students are those who were not enrolled in CLASS for their previous grade level.

Re-Enrolling Students

Re-enrolling 2nd–12th grade students are not required to be tested prior to curriculum development. If the CAT Online option is not selected, a paper-based version of the California Achievement Test will be included with your curriculum materials. **The TestPoint™ test is not available for re-enrolling students.** Whichever CAT you select, it may be completed at your convenience.

PRETESTING

If you want your student to be pretested prior to curriculum development, select the desired California Achievement Test and write "Pretest Requested" in the Comments section. We will not develop your curriculum until the pretest is completed and returned.

Kindergarten and First Grade Students

CLASS does not require pretesting for kindergarten and first grade. However, the online TestPoint™ exam is available upon request (the California Achievement Test is not available until second grade). If pretesting is desired, we will not develop your curriculum until the test is completed and processed. There is no pretest available for re-enrolling kindergarten and first grade students.

Independent Testing Service Users

If your student has used our Independent Testing Service within the past six months, write "Used Testing Service" in the Comments section and include a copy of the results with your enrollment application. If the test is appropriate for the grade level being entered, we will use those scores for our requirements and deduct the cost of the test from your tuition.

Other Achievement Test Users

If you have suitable test results that you would like to use in lieu of our standard pretest, write "Achievement Test Enclosed" in the Comments section. CLASS only accepts the following three tests: the California Achievement Test (CAT), the California Test of Basic Skills (CTBS), and the Iowa Test of Basic Skills (ITBS). Your test must be appropriate for the grade level being entered, have been completed within the last six months, and include the grade equivalent scores for all reading, mathematics, and language categories. We will notify you if the test we receive cannot be used.

SHIPPING (This information can also be found at www.homeschools.org/enrolling.)

Use the following information to determine which line to use in the Shipping Cost Calculation Table.

Shipping costs shown are estimates based upon the exact shipping amounts for most orders (to pay exact shipping, please use the online enrollment form at www.shopchristianliberty.com). Method of shipping will be determined by destination as noted. Shipping charges include insurance to cover any lost or damaged orders.

CONTINENTAL U.S.

The cost to ship to a physical address within the continental U.S. (via UPS or USPS—at our discretion**) is \$15 per student. All Post Office Box addresses will be shipped via Priority First-Class Mail at a cost of \$20 per student. If you have a physical address but wish to use Priority First-Class Mail, you may choose this method if you submit an extra \$5 with each student's enrollment. Please clearly identify such payments as applying to Priority Mail.

ALASKA, HAWAII, U.S. TERRITORIES, APO, AND FPO ADDRESSES

The cost for all curriculum shipments is \$20 per student. Materials are sent by Priority First-Class Mail.

FOREIGN ADDRESSES

Due to the high cost of shipping books and materials, foreign missionaries and others who have a home base (home office, sponsoring agency, etc.) in the continental U.S. should send us their home base address, contact person, and telephone number upon enrollment. Shipment to that address by a major carrier is \$15 per student (\$20 if Priority First-Class Mail is either requested or required—see above). You must arrange final shipment to your foreign address with your home base.

If CLASS must ship directly to your foreign address, we will communicate with you about your options and obtain your approval for the extra expense prior to shipping the materials. You will have sixty (60) days from the billing date to pay these charges. Enrollments placed through our website will be charged exact shipping at the time the application is sent.

** Christian Liberty will ship packages via UPS or USPS at our discretion, depending on weight and destination. A carrier used for one mailing does not guarantee that the same carrier will be used for subsequent shipments.

CLASS ENROLLMENT HIGH SCHOOL CHOICE OPTIONS

While you may choose all of your student's courses throughout high school, you are **not required** to do so. If you are unsure about which course to pick in a particular grade level or area of study, allow CLASS to select it for you. Our experienced staff will make sure your student is assigned all subjects necessary to earn a diploma.

Students must have a minimum of twenty credits in key subject areas in order to graduate through CLASS. Use the following list to ensure you are meeting our graduation requirements as you make your selections.*

Theological Studies	4.0 credits
English	4.0 credits (including 1.0 credit of grammar and 0.5 credit research paper)
Mathematics	2.0 credits (including 1.0 credit of Algebra 1 or higher level algebra)
Science	2.0 credits (including 1.0 credit of biology)
Heritage Studies	5.0 credits (including 1.0 credit of government and 1.0 credit of economics)
Additional Courses	3.0 credits minimum (student may select from any available courses)
Art, Music, and Phys. Ed.	No academic credit awarded (subjects assigned each year; requirements are set by family)

* Students transferring into CLASS at tenth grade or higher may be eligible to waive some Theological Studies and/or Heritage Studies credits, as long as their credit total still meets the twenty credit minimum. For details, see pages 11–12 in the catalog or go to "High School Graduation Requirements" on our website at www.homeschools.org.

Listed below are the available courses offered under High School Choice. Each includes the following information:

- course number
- course title
- publisher of the primary text
- amount of academic credit awarded for successful completion
- additional course charges (if applicable)
- any prerequisites or other limitations (if applicable)

For more details and most current information, visit our website at www.homeschools.org and select "Tailored Curriculum." Course availability and details are subject to change without notice.

If you have **any questions**, call CLP Customer Service before placing your order. It is important that you include your contact information—especially a phone number—should we need to speak to you about your order.

ORDERING

You may place your order by any of the following methods:

Mail	Christian Liberty Press 502 W Euclid Avenue Arlington Heights, IL 60004-5402
Online	www.shopchristianliberty.com
Phone	(800) 348-0899 or (847) 385-2029, press 3 (M-F from 9:00 a.m. to 4:00 p.m. CT)
Fax	(847) 259-2941. Be sure to clearly print all information so we can contact you easily, if necessary. <i>This fax line is for charge card orders only. We will not respond to general correspondence or questions sent through this fax line. For any customer service related questions, call (800) 348-0899 and press 2.</i>

PAYMENT INFORMATION

We accept VISA, MasterCard, and Discover cards. We also accept checks and money orders in U.S. funds drawn on U.S. banks, and Canada Post Money Orders in U.S. funds. We reserve the right to hold any order paid by personal check or money order for **15 business days** before processing the order. There is a **\$30.00 charge for returned checks**. All checks and money orders must be made payable to CHRISTIAN LIBERTY PRESS.

COUPON CODE

If you have a discount code, write it on the Coupon Code line. Then enter the amount to be deducted from your order prior to calculating your subtotal.

SALES TAX

Illinois residents are required to pay 10.00% sales tax.

SHIPPING

Shipping costs shown below are estimates based upon the exact shipping amounts for most orders [to pay exact shipping, order online at www.shopchristianliberty.com or call Customer Service at (800) 348-0899 or (847) 385-2029, press 2]. Method of shipping will be determined by destination as noted. Shipping charges include insurance to cover any lost or damaged orders.

If shipping costs are more than the estimated amount, you may be contacted to pay the difference. Christian Liberty may decide to hold such orders until the balance is paid.

Remember to include any apartment, unit, or suite numbers. If this information is not provided, it may result in additional charges to you or non-delivery by the carrier.

CONTINENTAL U.S., APO, AND FPO ADDRESSES

Include 15% of your order subtotal (\$9.00 minimum) with your purchase to cover shipping charges. Orders for all physical addresses within the continental U.S. will be sent via UPS or USPS—at our discretion.* Orders for all APO, FPO, and continental U.S. Post Office Box addresses will be sent via Priority First-Class Mail. For express shipping, or if you wish to use a specific shipping method, you will need to order online or call Customer Service.

ALASKA, HAWAII, AND U.S. TERRITORIES

Include 30% of your order subtotal (\$15.00 minimum) with your purchase to cover shipping charges. Materials are normally sent by Priority First-Class Mail.

FOREIGN ADDRESSES

Due to the high cost of shipping books and materials, we recommend that foreign missionaries and others who have a home base (home office, sponsoring agency, etc.) in the continental U.S. should use their home base address (include contact person and telephone number) when placing their order. Shipment to that address by a major carrier is stated above. **Note:** you must arrange final shipment to your foreign address with your home base.

If Christian Liberty must ship directly to your foreign address, include 25% of your order subtotal **plus** \$25.00 USD with your purchase to cover shipping charges. Because foreign shipment charges vary widely, this estimated amount is often far below the actual shipping cost. In such cases, you will be contacted to pay the additional amount (your order may be held until the balance is paid). Orders placed through our website will be charged exact shipping at the time the order is made.

All import taxes and special surcharges levied by the customer's country are the responsibility of the customer.

* Christian Liberty will ship packages via UPS or USPS at our discretion, depending on weight and destination. A carrier used for one mailing does not guarantee that the same carrier will be used for subsequent shipments.

RETURNS

Contact Customer Service prior to returning any items. All returns require authorization and must be made within 30 days of shipment. They are subject to a **10% restocking charge**. Returned items must be in new, unused, and resalable condition. Curriculum kits must be returned in their entirety. Software, DVDs, and CDs must be returned **unopened**. The postage cost for returning any non-defective item(s) is the responsibility of the customer. No credit will be issued for returns received without authorization or that are not in perfect condition, at our sole discretion. **Any items returned without authorization will not be returned to you.** Refunds are not available for ebook products.

Damaged Shipments

If your order is damaged, contact Customer Service within 30 days of shipment for replacement instructions.

PRICE CHANGES

Every attempt is made to keep the prices in the catalog as accurate as possible. However, price increases by third-party vendors or an occasional error may require us to adjust the pricing on some of our products. Therefore, **prices are subject to change without notice**. For the most up-to-date pricing, go to www.shopchristianliberty.com or contact Customer Service.

CLP 00230 - 3/8/18

If you have **any questions**, call CLP Customer Service before placing your order. It is important that you include your contact information—especially a phone number—should we need to speak to you about your order. Tests may be completed and returned up to one year from the date of issue.

TESTING SERVICE

This order form is for the paper version of the California Achievement Test (CAT) and for the Curriculum Recommendation Service only.

California Achievement Test (CAT)

The California Achievement Test is designed to be used for the grade level entering. Therefore, you should select the grade level your student is entering when determining which test to take. If, however, you have just started a grade level (within 5 months or less) and want to test your student, select the current grade level. If you are unsure which grade level you should list on this form, contact our Customer Service Department.

Composite Score (*optional*)

If needed, a composite score of your student's achievement test results is available for an additional fee. If you desire to have this score included with your results, check the appropriate box. Note that CLASS does not require composite scores for enrollment into its homeschool academy.

Curriculum Recommendation (*optional*)

Christian Liberty now offers two versions of its Curriculum Recommendation Service. The **basic service** uses your student's CAT scores to create a subject-by-subject listing of recommended curriculum materials for the grade level tested. Materials listed are limited to those used by Christian Liberty.

The **premium service** provides you with up to a 30-minute phone conversation with a curriculum specialist at Christian Liberty to create your student's recommendation. In addition to the CAT results, this service uses information obtained through the phone conversation (such as student interests, learning style, future plans, etc.) to design the curriculum. Materials recommended are usually limited to those offered by Christian Liberty.

ORDERING

You may place your order by any of the following methods:

Mail	Christian Liberty Press 502 W Euclid Avenue Arlington Heights, IL 60004-5402	Online	www.shopchristianliberty.com/special-service (for both paper or online versions)
Fax	(847) 259-2941. Be sure to clearly print all information so we can contact you easily, if necessary. <i>This fax line is for charge card orders only. We will not respond to general correspondence or questions sent through this fax line. For any customer service related questions, call (800) 348-0899 and press 3.</i>	Phone	(800) 348-0899 or (847) 385-2029, press 3 (M-F from 9:00 a.m. to 4:00 p.m. CT)

PAYMENT INFORMATION

We accept VISA, MasterCard, and Discover cards. We also accept checks and money orders in U.S. funds drawn on U.S. banks, and Canada Post Money Orders in U.S. funds. We reserve the right to hold any order paid by personal check or money order for **15 business days** before processing the order. There is a **\$30.00 charge for returned checks**. All checks and money orders must be made payable to CHRISTIAN LIBERTY PRESS.

COUPON CODE

If you have a discount code, write it on the Coupon Code line. Then enter the amount to be deducted from your order prior to calculating your subtotal.

SHIPPING

Shipping costs shown below are for the paper version of the California Achievement Test only, and are estimates based upon the exact shipping amounts for most orders [to pay exact shipping, order online at www.shopchristianliberty.com or call Customer Service at (800) 348-0899 or (847) 385-2029, press 3]. Shipping charges include insurance to cover any lost or damaged orders.

If shipping costs are more than the estimated amount, you may be contacted to pay the difference. Christian Liberty may decide to hold such orders until the balance is paid.

Remember to include any apartment, unit, or suite numbers. If this information is not provided, it may result in additional charges to you or non-delivery by the carrier.

CONTINENTAL U.S., APO, AND FPO ADDRESSES

Include \$6.00 for the first test (and \$2.00 for each additional test) with your purchase to cover shipping charges. Orders for all destinations within the continental U.S., as well as APO and FPO addresses, are sent via Priority First-Class Mail. For express shipping, or if you wish to use another shipping method, you will need to order online or call Customer Service.

ALASKA, HAWAII, AND U.S. TERRITORIES

Include \$7.00 for the first test (and \$2.00 for each additional test) with your purchase to cover shipping charges. Materials are normally sent by Priority First-Class Mail.

FOREIGN ADDRESSES

Include \$30.00 USD with your purchase as an initial payment on the shipping charges. Because foreign shipment charges vary widely, this estimated amount is often far below the actual shipping cost. In such cases, you will be contacted to pay the additional amount (your order may be held until the balance is paid). Online ordering will provide you with exact shipping charges.

All import taxes and special surcharges levied by the customer's country are the responsibility of the customer.

RETURNS

A 60% refund will be granted for the paper version of the California Achievement Test (CAT) only if the unused testing service materials are returned to Christian Liberty within 60 days of shipment. Mail your materials to Christian Liberty Press, Attn: Testing Service, with a note requesting a refund.

The Curriculum Recommendation Service is subject to a full refund only if the cancellation occurs prior to development. Once the curriculum recommendation has been performed, no refund is possible.

Damaged Shipments

If your order is damaged, contact Customer Service within 30 days of shipment for replacement instructions.

CANCELLATION AND REFUND POLICIES

CLASS HOMESCHOOL ACADEMY CANCELLATION / REFUND POLICY

If you choose to cancel after enrolling with Christian Liberty, please call Customer Service promptly. If you have already submitted the completed placement/achievement test, your call will prevent further processing steps that would decrease your refund. When you call, be sure to record the date and the name of the Customer Service representative with whom you spoke. This call is important, but it does not cancel your enrollment. A signed letter from the family or cancellation form (mailed or faxed) is *required* before any cancellation is considered official. If CLASS does not receive this written documentation, the cancellation will not proceed and no refund will be sent.

CLASS Plan and Family Plan customers have thirty (30) days from the main curriculum shipping date [sixty (60) days for foreign shipments] to cancel from our program and request a tuition refund. If you decide to cancel after you have received your curriculum, call Customer Service and request a Cancellation Kit. **Do not return any materials to CLASS before you receive the Cancellation Kit.** This kit contains a Cancellation Letter/Refund Materials Authorization that, when completed and returned to us, serves as your official cancellation letter. This kit also includes a Returned Materials shipping label that *must* be affixed to the outside of the package or envelope you return.

Return all *unused* curriculum materials to CLASS; you will be charged for any materials not returned in like-new condition. If a book has been damaged or has any writing in it, even just a student's name, it is considered used and should not be returned. Christian Liberty is the final arbiter of whether a course item is considered used. Returned materials that are considered by CLASS to be used *cannot* be sent back to the family. The CLASS Handbook, Lesson Planner, and book report lists, if any, are yours to keep.

Your tuition refund for each student canceled will be based on the schedule below. The amounts shown, plus the cost of any used or unreturned materials and any account balance, will be subtracted from your original tuition payment. This refund schedule is subject to change without notice.

If you cancel...	Amount Deducted From Refund	
	Grades K – 1	Grades 2 – 12
Prior to CLASS sending the placement/achievement test	NA	– \$10
Prior to curriculum development	– \$10	– \$30
After curriculum has been developed but not shipped	– \$20	– \$50
Within thirty (30) days after shipping date ^{1,2}	– \$35 ³	– \$70 ³
More than thirty (30) days past shipping date ^{1,2}	NO REFUND	NO REFUND

¹Sixty (60) days for foreign shipments ²Shipping costs are not refundable ³In addition to the cost of any used and unreturned materials

NOTE: Required pretests must be completed and returned within ninety (90) days from the date sent. Failure to do so may result in the enrollment being canceled by CLASS without refund. If Christian Liberty cancels your enrollment, any amount remaining in your account after the deductions noted above may be used toward another enrollment within twelve (12) months of the cancellation date. If you do not intend to cancel, please return your completed pretest to us promptly, or contact us stating the reason for your delay.

If the pretest is not required, the enrollment will be processed after ninety (90) days as if the pretest were never requested.

CHRISTIAN LIBERTY

From a single book to a complete program...Discover how we can help you

Christian Liberty Academy School System (CLASS)—Our accredited, traditional, Christian K-12 homeschool academy includes everything you need for an excellent Christian education. CLASS is a flexible, affordable partnership between you and our academy.

CLASS selects the best homeschooling materials from a variety of publishers. We do not lock you into a standard, one publisher curriculum; many subjects have several options from which to choose. We can even assign a course from a different grade level if it is the best option for your student. CLASS partners with you in the grading of coursework, and it keeps academic records and issues diplomas.

While our full-service **CLASS Administration Plan** program allows a full year to complete a grade level, you set your own schedule. CLASS permits you

to purchase additional time to finish the required coursework, if needed.

Our **Family Administration Plan** gives you the same curriculum as our CLASS Administration Plan, except you remain independent. You keep your own records and issue your own

diplomas. Since Family Plan students are not actually enrolled in our academy, you have total control once the curriculum arrives.

Individual Courses are available so students can earn credit and receive transcripts for a single course or several courses in lieu of a full grade level. They can be used to supplement a homeschooling program or make up for missing credits.

Christian Liberty Press provides excellent educational products and services to independent home educators and Christian schools around the world. We are dedicated to finding, evaluating, and producing curriculum materials that are rooted in the Word of God and express a biblical worldview. We strive to equip families as they educate their children for the glory of God, and provide materials that will assist all ages in their spiritual growth.

We are confident you will find that our curriculum materials and services will aid you in the education of your students. We look forward to helping you provide a Christ-centered curriculum that will prepare your students for service within His kingdom.
